

Report Construction of 6 washrooms for SAYA SCHOOL MAIRA AKKU

October 17, 2019

During a visit to the SAYA SCHOOL MAIRA AKKU in March 2019, we found that the school urgently needed 6 additional washrooms. The number of students was grown from initially 32 to more than 700. There was an urgent need for action. For the construction measure 2,000, - Euro were needed.

Thanks to a generous donation from Lions Club Angeln e.V. (GERMANY), we were able to immediately commission the construction of the toilets.

From the idea and handover of the first payment in March to completion in October 2019

THANKS - SCHUKRIA

Fördergesellschaft Lions Club Angeln e.V.
