

## Report Visit to SAYA SCHOOL MAIRA AKKU on March 28, 2018

At the beginning of the stay in PAKISTAN in context 'Aid program construction new building ENT DEPARTMENT HASHIM WELFARE HOSPITAL' the chairman PAKISTAN –Hilfe zur Selbsthilfe e.V. had visited the SAYA SCHOOL MAIRA AKKU to hand over a donation of 3,500, - Euro, which was for the purchase of school furniture to be used for the new building constructed in 2017.

Shortly before his return flight, he was back in the school to look at the models of a desk and a chair that had been delivered by a carpenter.

The desk and the chair were solidly worked. After a seat test some changes were passed on to the carpenter.

The desk tops are enlarged by 2 inches in depth, so that the students have a larger area available.

The shelf is raised 1 inch higher so the knees will not hit it.

The chair is shortened by 1 inch in the seat depth to improve the seating position of the students.

Lastly, the screw heads will need to be reworked to prevent the students scratching their hands.

With the money now available, 55 school desks and 110 chairs could be commissioned.

Thus, four of the eight classrooms available in the new building can be equipped.

After a conversation in ISLAMABAD, there are reasonable hopes that there will be a way to ensure the financing of the furniture for the remaining four classrooms.

The talks at the SAYA SCHOOL were significantly disturbed by very loud noises. They came from a tiler who cut marble slabs. The school had been donated marble, which can currently be laid.

Also for the purchase and the installation of windows has already found a donor. The installation will take place in the next few months. Then the last year's extension, which was built in the shell, without knowing how the further construction progress can be financed, can be completed.

Chairman PAKISTAN – Hilfe zur Selbsthilfe e.V. met at school with a group of young psychologists who spent the day at school.

The conversation with them revealed that they had learned about the school and offered their help. In talks with teachers, they provided help and instructions for solving conflicts in school life and at home.

As with all visits to the SAYA SCHOOL MAIRA AKKU, it is a pleasure to see how the remarkable initiative and tireless work of the Tughral and Asma Yamin receive manifold support.

**They deserve it!  
And the more and more growing students benefit from it!**

**Finally THANK YOU - SCHUKRIA to the donors  
who made it possible to procure the school furniture!**
