

# HAQ MODEL SCHOOL PROJECT

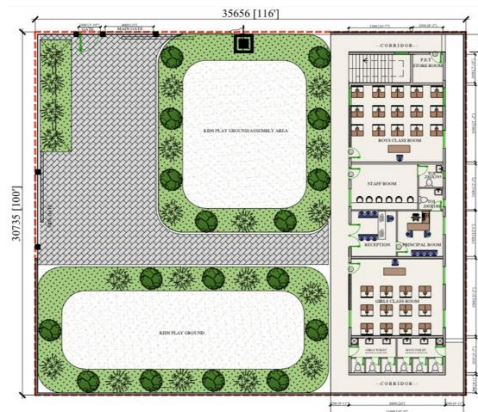

January 2024

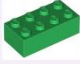

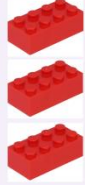

For some time now, we and our charity member Jameela Abdul Haq, a young dentist from BERLIN, have been thinking about building a school in AWAN SHARIF, GUJRAT DISTRICT, PUNJAB PROVINCE, PAKISTAN, the village of her ancestors. Jameela has long had the idea of providing primary school education from grades 1-5 to underprivileged children in the village and the surrounding area.

We developed the project idea (needs analysis, construction plan, personnel requirements, equipment, financing plan, etc.) with Jameela and some experts who are friends with her and carried out fact finding on site.

**FUNDING PHASE 1\***  
**'BRICKS FOR KIDS DONATION CAMPAIGN'**

1 Green Brick = 250,- €	1 Blue Brick = 500,-€	1 Red Brick = 1000,-€
		

\* We are grateful for every donation, even a small one!

**PHASE 1 COSTS: 22.000,- €     Call for donations 'BRICKS FOR KIDS'**

PHzSHeV will implement PHASE 1 of the project in terms of planning and with charity member Jameela Abdul Haq as project manager on site. A decision on the implementation of PHASE 2 (grades 3–5) will be made in 2026.

**Timeline for implementation PHASE 1:** Raising donations by October 2024, completion of construction and furnishings in March 2025, first school year to start April 2025. If you think it is worth supporting this project, we are grateful for 'GREEN/BLUE/RED BRICKS', but also for every Euro donated! A detailed project presentation will follow by the end of February 2024 at the latest.
